

“This day I call the heavens and earth as witnesses against you that I have set before you life and death, blessings and curses. Now choose life, so that you and your children may live and that you may love the Lord your God, listen to his voice and hold fast to him.” – *Deuteronomy 30:19-20*

Choose life.

Celebrating the sanctity of human life.

Every day.

“For it was you who formed my inward parts; you knit me together in my mother’s womb. I praise you, for I am fearfully and wonderfully made.” — *Psalms 139:13-14*

The Supreme Court’s landmark decision in 2022 that the U. S. Constitution does *not* confer the right to an abortion gratified all who have defended the lives of the unborn for half a century. However, women who feel that their personal well-being has been compromised by the ruling have become motivated to gain abortion access wherever they can. As a result, we must still contend for the unborn and the challenges that come against them.

Every day The Life Center is on the front lines of our communities, affirming individuals and families in their decisions for life and relationships. From the moment a woman walks through our doors, she and her unborn child are met with loving as well as practical support of the decision she’s made for life. Everything we offer her – from individual guidance and education to limited obstetrical ultrasound scans and supplies to care for herself and her baby through pregnancy and beyond – is provided *at no cost*. We also believe that fathers are foundational to the well-being of our communities and are worthy of support. And to promote sexual wellness, we offer education, testing and treatment for sexually-transmitted diseases through our STI Clinics in Midland and Odessa.

We are also deeply mindful of the many other casualties of abortion: the silent wounded who continue to experience emotional trauma from their decision, no matter how long ago it was made. We offer compassionate and confidential support for such women, to help heal, redeem and restore their lives.

Finally, we believe that teaching our youth to choose relationships rooted in values can help stem the tide of unplanned and unwanted pregnancies.

Please join us in standing today – and every day – for life.
